India, the world's third-largest automobile market, employs 37 million people directly and indirectly. It leads globally as the largest manufacturer of three-wheelers and tractors and ranks as the second-largest manufacturer of two-wheelers, the world's third-largest heavy truck manufacturer, and the fourth-largest car manufacturer. The industry is transitioning towards next-gen mobility solutions, embracing electric vehicles, autonomous driving, and Industry 4.0 technologies. Sustainability is key, with EV adoption rising across segments to cut carbon emissions and foster cleaner transportation. Government initiatives are actively supporting the automobile sector's growth and transformation.

About the Event :

The Confederation of Indian Industry (CII) WR is organizing the flagship International Exhibition and Conference for the automobile industry, the 3rd Edition of the CII NexGen Mobility Show 2025. The theme is 'Innovate. Integrate. Impact: The future of Mobility,' and it is scheduled to take place from 09 to 11 October, 2025 at Pune International Exhibition and Convention Center, Moshi, Pune.

This flagship event will bring together the entire value chain of world-class automotive brands, showcasing Internal Combustion Engine (ICE), Electric, Hybrid, Hydrogen, CNG/LNG, and Ethanol/Biofuel Powertrains, alongside traditional and new-age auto components, Electrical and electronic subsystems, Mechanical subsystems, and the latest automobile technology trends driving the future of mobility.

The show's agenda will cover a comprehensive range of topics, including Commercial Vehicles, Passenger Vehicles, Policy and Regulatory Guidelines, EV Business Ecosystem Development, Sustainable Charging Infrastructure, Battery Technology, Automotive Aftermarket, Automotive Materials, Automotive Logistics, EV Manufacturing Innovations and Investments, Rapid Metro, High-speed Trains, Urban Air Mobility, and Infrastructure development. Through expert sessions and engaging discussions, the event aims to foster collaboration and drive progress towards a more sustainable and connected automotive landscape.

Concurrent Shows

This will showcase world-class automobile manufacturers, advanced automotive solutions, OEMs, Auto components, battery and charging infrastructure etc.

Auto Aftermarket Show 2025 offers a robust B2B environment for industry professionals in India and beyond.

This premier B2B event will spotlight the latest in automotive electronics, EV tech, ADAS, and testing solutions.

Special Focus on

Electric Vehicles (EVs)

Infotainment systems

Special Focus on :

Aftermarket

Revitalize Your Business

Discover the latest trends, technologies, and opportunities in the booming automotive aftermarket industry. Network with key players, explore innovative solutions, and gain valuable insights to enhance your business. From spare parts and accessories to repair services and diagnostics, this show offers a comprehensive platform to connect, learn, and grow.

Electric Vehicles (EVs)

Accelerate Your Journey to Electric Mobility

Be part of India's electric vehicle revolution. Explore the entire EV ecosystem, from charging infrastructure and battery technology to electric two-wheelers, four-wheelers, and commercial vehicles. Connect with industry leaders, witness cutting-edge innovations, and understand the future of sustainable transportation.

Infotainment systems

Revolutionizing the Driving Experience

In-vehicle infotainment systems are transforming modern automobiles by integrating advanced connectivity, entertainment, and information features. These systems offer seamless access to navigation, multimedia content, and real-time updates, enhancing both driver convenience and passenger enjoyment. With intuitive interfaces and smart connectivity, infotainment systems make driving safer and more enjoyable, ensuring that every journey is both informative and entertaining.

Exhibitor Profile :

- Automobile Manufacturers
- Auto Components
- Batteries
- Oil & Lubricants
- Tyres & Tubes/Auto Accessories
- Electric Vehicles
- Publications
- Service Equipment & Tools
- Research & Developments
- Alternative Fuel & Fuel Systems
- Car Security / Navigation Systems
- Telematic & Connected Technologies
- Bikes & Aero Road Bikes
- EV Technologies
- Automotive Components & Spare Parts
- Mechanical & Lightweight Technologies
- Transport Vehicles
- Garage Equipment & Services
- Automotive Technologies

Visitor Profile :

- Automotive Industry Professionals
- Government Representatives
- Trade Professionals
- Technology Enthusiasts
- Industry Associations
- Academic and Research Institutions
- Fleet Managers and Operators
- Investors and Venture Capitalists
- Environmental and Sustainability Advocates
- Media and Press
- International Delegations
- Startups and Innovators
- Service Providers
- Enthusiasts and General Public

Glimpse of CII NexGen Mobility Show 2024

About CII

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering Industry, Government and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, with around 9,000 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from 286 national and regional sectoral industry bodies.

For more than 125 years, CII has been engaged in shaping India's development journey and works proactively on transforming India an Industry's engagement in national development. CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, livelihoods, diversity management, skill development, empowerment of women, and sustainable development, to name a few.

As India strategizes for the next 25 years to India@100, Indian industry must scale the competitiveness ladder to drive growth. It must also internalize the tenets of sustainability and climate action and accelerate its globalisation journey for leadership in a changing world. The role played by Indian industry will be central to the country's progress and success as a nation. CII, with the Theme for 2023-24 as 'Towards a Competitive and Sustainable India@100: Growth, Inclusiveness, Globalisation, Building Trust' has prioritized 6 action themes that will catalyze the journey of the country towards the vision of India@100.

With 65 offices, including 10 Centres of Excellence, in India, and 8 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with 350 counterpart organizations in 133 countries, CII serves as a reference point for Indian industry and the international business community.
